GUARDIAN® IQ

FULLY PROPORTIONAL ELECTRONIC BRAKING SYSTEM

GUARDIAN[®] IQ

•Plug & Tow technology, pre-assembled wiring harness and snap-in dash mounting kit for easy installation and quick disconnects

•Self diagnosing feature incorporated into LED display for optimal visibility

•Braking power for up to 3 axles

•Works proportionally in reverse

•Self levelling mechanism - no level adjustment necessary

“BOOST” FEATURE ALLOWS FOR CUSTOMISED BRAKING

Typical Boost Settings For Optimal Performance (with properly adjusted trailer brakes*)				
TRAILER WEIGHT compared to VEHICLE WEIGHT	.c	b.1	b.2	b.3
	Boost "OFF" ↕	INCREASING BOOST LEVEL ↕		
 Trailer weighs LESS than Vehicle	X	X		
 Trailer weighs APPROXIMATELY SAME as Vehicle	X	X	X	
 Trailer weighs UP TO 25% MORE than Vehicle		X	X	X
 Trailer weighs UP TO 40% MORE than Vehicle			X	X
 Trailer weighs OVER 40% MORE than Vehicle				X

WARNING Do not exceed Gross Combined Weight Rating (GCWR)

* Increased Boost setting may be needed if trailer brakes are worn, see a Hayman Reese dealer for brake adjustment or repair
